

- TASTE THE DIFFERENCE -

## MODEL 99T-RMT

This is our top of the range, twin flavour plus twist, pressurised (pump fed) soft serve machine. Whether it is for soft ice cream or frozen yogurt it produces the highest quality, most consistent and profitable product you can serve.

### The Electro Freeze Advantage

- **Patented Mix Transfer System\*** simplest and most reliable pressurised system available.
- **Adjustable Overrun** to suit the mix being served.
- **Flexible Mix Holding System** pumps directly from bag in box or from mix tanks.
- **The Finest Frozen Product**, consistently the best frozen product available, smooth, creamy and profitable.
- **Self Closing Handles** prevents mess and eliminates waste.
- **Adjustable Dispense Rate** set to meet your specific dispensing speed and volume requirements
- **Exclusive Beater Design** with demountable blades which can easily be replaced.
- **Energy Conservation Mode** reduces energy cost and holds product safely during non-business hours.
- **Superior Low Temperature Refrigeration System** provides the best in class production and product quality.
- **Experience Tells** Electro Freeze has been manufacturing soft serve machines in the U.S.A. since 1929.
- **All New Electro Freeze Machines** are supplied in the U.K. with a **Three Year Parts & Labour Warranty.**

\*U.S. Patent #5,349,825
